"WHY WE RELAY"

Relay for Life

May 8, 2015

We are creating a video again this year to be played as we walk around the track.
We need your help:

Send us your pictures of your loved ones that have been diagnosed with cancer so that they can be honored at this year's Relay!

You may include 3 pictures per each individual, please include their name and whether they are a survivor or if they have passed away. You may also send in unlimited "general" Relay pictures of you and your team "Relaying".

We will have a "Celebrate" section for survivors, a "Remember" section for those that have passed away and a "Fight Back" for general Relay pictures.

For those of you that sent in pictures in the past years:
We will be happy to just use the pictures that you already sent in but would ask that you just email us to let us know.
(And, please remind us in the email if they are a survivor or if they have passed away)

This year, we are also going to have a special Survivor's Video at the Survivor's reception and we would love every Survivor to be represented!

Please send your pictures to Kathryn at:
luminariapictures@cox.net
Call 324-2157 if you have any questions
