

Dear Bark For Life Participants and Donors,

It is with much hesitation that we must postpone the Bark For Life of Mercer County event until spring of 2017. Due to a number of factors, we feel that this is necessary to ensure that we provide the highest quality experience to all of our participants, vendors and sponsors. We thank you for your involvement and contribution with the event to this point, and we hope you'll continue to support the cause as we move forward.

While our event date has changed, our mission remains the same. We are committed to eliminating cancer as a major health problem by preventing cancer, saving lives, and diminishing suffering from cancer through research, education, advocacy and service.

With that in mind, the American Cancer Society and its dedicated volunteers are working hard to put together a viable alternative that will be beneficial to everyone. We are currently exploring the option of hosting the event on the same day as the Relay For Life of Mercer County Park, which typically takes place in late May or early June. This new Bark For Life event would take place in the hours leading up to the Relay For Life event. It would occur in the same location and serve as a precursor to the larger event. Participants are welcome and encouraged to attend both.

For those of you who have already registered and submitted donations, please choose one of the options on the following form. If you would like to participate in the event in the spring and continue fundraising, you may continue to do so and utilize the current website as a resource. Once the date has been finalized, we will reach out with any updates and information needed for the event. Many of you expressed interest in attending but were unable due to prior engagements. If this new date is better and you would like to attend, please let us know so we can plan accordingly. Conversely, if you now are no longer able to attend, you may change your contribution. The American Cancer Society will issue a full refund for any participant/donor who no longer wishes to be involved.

We value your input and would love to hear any and all suggestions as we continue the planning process. If you have any questions, please contact Relay For Life Community Manager, Alex Basseches, at (856) 673-5734 or Alex.Basseches@cancer.org.

Thank you again for your continued commitment to the fight against cancer and we hope to see you in the spring.

Please select one of the following options and submit your response to the American Cancer Society. You can email a copy to Alex or mail the form to the Cherry Hill office at:

American Cancer Society
Attn: Bark For Life of Mercer County
1851 Old Cuthbert Rd.
Cherry Hill, NJ 08034

1. Please keep my donation and apply it to the spring event.
2. Please issue a full refund.
