RELAY FOR LIFE OF BRUNSWICK COUNTY  
6:00 PM, BEMC IN SUPPLY*

***PLEASE MARK YOUR CALENDARS!!!!!!***

Hello Brunswick Relayers!

My name is Kendal Klein and I am your new Community Manager. I started working for the American Cancer Society back in April and I had the honor of attending your Relay. I have been able to attend a lot of Relay's but I was absolutely amazed by your Relay and the remarkable outcome. There were so many moments throughout the night where I had to stand back and take it all in. I have never seen so many people on one track before and the American Flags still give me goose bumps when I look at pictures. This event was a huge success and it looked like everyone had a wonderful time!! You all did an amazing job raising money for this great cause. Relay For Life couldn't happen without you and your passion for wanting to find the cure to cancer. I cannot thank you enough for your hard work and dedication to the Relay For Life in Brunswick County.

I am so excited to be working with all of you and the Planning Committee for the 2011 Relay For Life. If you have any questions about Relay For Life or the American Cancer Society, please feel free to email me at [kendal.klein@cancer.org](mailto:kendal.klein@cancer.org) or call me at 910-254-4870. Once again, thank you all for an amazing Relay season and I look forward to working with all of you in 2011!! See you all on the track!

*Kendal Klein*

## **Continuing Drop in Death Rate Means More than Three-Quarters of a Million Cancer Deaths Have Been Averted Since the Early 1990s**

**ATLANTA – July 7, 2010** – The continued drop in overall cancer mortality rates over the last 20 years has averted more than three-quarters of a million (767,000) cancer deaths according to a new report from the American Cancer Society. The American Cancer Society's annual Cancer Statistics article reports that the overall death rate from cancer in the United States in 2007 was 178.4 per 100,000, a relative decrease of 1.3 percent from 2006, when the rate was 180.7 per 100,000, continuing a trend that began in 1991 for men and 1992 for women. In that time, mortality rates have decreased by 21 percent among men and by 12 percent among women, due primarily to declines in smoking, better treatments, and earlier detection of cancer.

The figures come from Cancer Statistics 2010, published early online in *CA: A Cancer Journal for Clinicians*. The report and its consumer version, Cancer Facts & Figures 2010, include the estimated numbers of new cancer cases and deaths for 2010. Society epidemiologists predict there will be 1,529,560 new cancer cases (789,620 in men and 739,940 in women) and 569,490 cancer deaths (299,200 in men and 270,290 in women) in the United States in 2010.

## ***BRUNSWICK COUNTY'S GIRL SCOUT OF THE YEAR - 2010!***

*Erica Jones, daughter of Teresa Jones (Relay For Life Team Captain for the SSB Walkers – Security Savings Bank) and Keenan Jones, was recently named Brunswick County's Girl Scout of the Year. Her Troop 62 Leader, Kimberly Rowe, said, "This is the first time I've nominated someone for this award. She's an exceptional young lady. She does so much community service."*

*Erica is a Cadet Girl Scout and has earned many badges and awards. Her green Girl Scout vest is filled with badges for dance, community service, fitness, first aid, horses, solving math problems, weather, nutrition,*

*drama and grooming. She also has several badges for being an outstanding cookie seller. Last spring, she sold more than 700 boxes of cookies. So if you need Girl Scout cookies next year, you know who to contact.*

*She will enter 7<sup>th</sup> grade in the fall and has an excellent school record. Her report cards have always been filled with A's and B's. Knowing people that have battled devastating diseases has motivated her to participate in the Juvenile Diabetes Walk, the Relay For Life cancer walk in Brunswick County sponsored by the American Cancer Society, the Jump Rope for Heart contest sponsored by the American Heart Association (she was the top fundraiser for this event for the past two years); and many Saturdays, Erica can be found at Paw's Place where she walks and plays with the dogs.*

*Congratulations Erica on this well deserved award and especially for all the time you give to make your community a better place to live. The Relay For Life Planning Committee of Brunswick County especially wants to send our personal thanks for your help each year with the Relay For Life Cancer Walk.*
