

2014 Luminary Information

Luminaries can be purchased at any time during our Relay season. There are two ways to go about doing this; one is online, and there are 6 quick and easy steps or you can complete a traditional paper form.

- Each white luminary sold online cost \$10.
- Each gold luminary sold online is \$15 each
- Torches are available for a \$100 donation; *the quantities are limited so order soon.*

The Alamance County Relay for Life offers a deal if you purchase offline, you can get 3 white luminaries for \$25. You can print these out and turn them in at any of the team meetings. We ask that each form be completed fully and as legibly as possible.

Decorating the bags:

Last year the teams were encouraged to decorate the bags that they have sold to personalize the luminary service. Teams are again encouraged to add pictures, special messages and other decorations to their bags. Closer to the event, the American Cancer Society will supply the bags, labels. Candles with cups will be given to the teams at the event. If you wish to decorate bags and need ideas or supplies, please see Donna or Jennifer at any of the team meetings. We will have a table with examples. During the event, we will have all of the supplies for anyone who wishes to purchase their luminaries. We will also have decorating supplies available the night of relay for last minute special touches.

Canned Food:

Please support the canned food collection. One can in each bag holds the bag upright and the candle will be placed on top of the can. Allied Churches partnered with us last year and are excited to work with us again. As canned food is brought to each meeting, Allied Churches will pick it up and store it. The morning of the Relay for Life, Allied Churches will bring all of the cans to the field. Please stop by the luminary tent as soon as you can to get the number of cans you need. On Saturday morning, the cans will be returned back to Allied Churches. We need close to 2000 cans for our event, so start collecting!

Luminary Service:

At the Relay for Life event, each team places their bags along the sides of the track. Prior to the 9 pm luminary service, please light the candles. We ask that everyone remain quiet during the luminary service.

Thanks to everyone who participated in decorating luminary bags and the canned food drive last year. The luminary committee is here to help you, so please contact us.
