

Announcing RELAY Penny Wars!!!!

This year for the first time Concord Relay For Life will be hosting it's first Penny Wars.

The hours for Penny Wars are from 3:00 to 5:00 PM

Here is what you need to do:

- 1) Have your team members collect all the pennies they can find(plead with friends, neighbors, relatives and co-workers)
- 2) Place all the pennies in a see thru container with a slot in the top with your team name on the container. **This container is for pennies only. These are positive point!**
- 3) You must also bring another container which will be your War jar. This must also be marked with your team name. **This is for all other moneys. These are negative points!**

How it works:

- 1) All pennies are positive points
- 2) All other money (nickels, dimes, quarters and folding money are negative points).
- 3) Stuff everyone else's War Jars with negative points and protect your own War Jar from attack!
- 4) Your objective: end up with the most positive points to win

Here is an example:

100 pennies in the penny jar= 100 positive points

3 quarters in the war jar = 75 negative points

Total: $100 - 75 = 25$ positive points

- 5) We will count all the money and determine the team with the most positive points. That team will be our first **Relay Penny Wars Champion**. All money collected will go towards the winning team's final total.

Please treat each other with respect- no fighting, cussing or stealing. All participating teams must display a PENNY POSTER which will be provided. All penny and war jars must be turned in to the office, in the Bistro, no later than 5:30 PM

Good luck and have fun.

Remember all jars must be clearly marked!
