

BECOME A RELAY FOR LIFE EVENT LEADER TODAY!

Visit cancer.org/volunteer and select Relay For Life.

The American Cancer Society Relay For Life movement is the world's largest fundraising event to end cancer, uniting more than four million people in communities across the world to fight back against this disease. Funds raised through the events enable the Society to help people facing the disease today, educate people about how to reduce their risk for cancer or detect it early when it's the easiest to treat, and fund cancer research that will help protect future generations.

But our work is not done. We need people like you to join the Relay For Life movement and help multiply our efforts to eliminate cancer as a public health problem.

Take action. Be a leader in the fight against cancer.

By becoming a Relay For Life event leadership volunteer, you have the opportunity to make a tangible impact in the fight against cancer, gain valuable leadership skills, and receive the honor and satisfaction of helping others in your community enjoy a memorable experience. Becoming a member of your Event Leadership Team allows you to:

- Form connections with new people in your community
- Experience fun, exciting, and creative team-building opportunities
- Represent your company or school as a leader, providing a positive public image
- Engage in meaningful community service

Together, we can do this!

The success of the Relay For Life movement is possible because of the talents and abilities of millions of people, from all walks of life, coming together each year to make a difference. No matter your background or skills, there is a way to help.
