THE OFFICIAL SPONSOR OF BIRTHDAYS.™

Cancer information is available 24/7

The American Cancer Society is available to answer questions about cancer 24 hours a day, seven days a week through 1.800.ACS.2345 and www.cancer.org. Each year, approximately 98,000 Floridians will be diagnosed with cancer. Over the phone, callers can speak with educated staff who can answer questions, provide emotional support, and inform them about programs and services available. On the Web, people can access an interactive cancer resource center that contains in-depth information about the disease and treatment options, as well as resources, programs and services. No one should ever lie awake with questions about cancer. Encourage anyone impacted by cancer to contact the American Cancer Society.

We can help!

Have you thought about stepping up?

The Relay for Life event couldn't happen if it weren't for individuals like yourself stepping up to the plate to join the committee. Committee members ensure everything is organized, from recruiting and motivating teams and sponsors to planning ceremonies. See the list to the right of the positions that are still available for the 2016 relay event. Also, know that extra hands on committee are always welcomes as well!
