

Each American Cancer Society Relay For Life event is planned, organized, and implemented by a local team of Volunteer Leaders. A successful event needs volunteers to help in three major areas:

Bringing the People, **Building the Fun**, and **Funding the Mission**.

Below you will find a list of skills that match well within each major area. Think about your skills, what talents you would bring to a team of volunteers, and what would be a good fit for you.

Don't be shy! Tell us about your skills and interests! (please check all that apply)
