SURVIVOR SPOTLIGHT

My name is Ruth Hirtz and I am a cancer survivor, I found a lump in my breast in June of 2002, had surgery in July and radiation treatment for eight weeks. Cancer can make you become a stronger person. Friends and family can help but you must make the change for a new life after cancer. I am now a jewelry designer, something I always did as a hobby but now is my life!! I show my jewelry at museums and art galleries here in Florida and California. I live in Tamarac with my husband Irwin. I am a member of the Chamber of Commerce, Women of Success, and the Friends of the Coral Springs Museum of Art. I'm a proud member of Relay Team Tamnet. I am involved in benefits for the community and hope I am making a difference! To see my work go to my web site at www.ruthhirtzdesigns.com
