Creating a world with more birthdays

The movement for more birthdays is about everyday people coming together to make a difference. There are so many ways to create a world with more birthdays. Whether you are keeping your family healthy to **stay well**, finding the best resources to help a friend or loved one deal with a diagnosis on their journey to **get well**, or becoming active in your local community to **fight back** and **find cures** for this disease, together we can help make sure that cancer never steals another year of anyone's life.

I declared
the American Cancer Society
the official sponsor
of my birthday
