What is the Relay?
The American Cancer Society's Relay For Life is a fun and inspirational national event that raises money for the ACS to support research, education, support, patient services, and advocacy. It is also an opportunity to educate the community about cancer and to celebrate cancer survivorship. It is a unique overnight event in which teams of 10-15 people take turns running or walking around the school track - day and night! While the relay is going on, a community party atmosphere is created by team members camping out, enjoying entertainment, food, games, and camaraderie.

Why should Cancer Survivors Come?
You are one of the reasons the event is happening - to celebrate surviving cancer! You are considered a survivor when you are diagnosed with cancer - so even if you are still receiving treatment - you are still surviving cancer. There will be a cancer survivor “victory lap”, group picture, a reception and other fun and interesting activities for cancer survivors and their caregivers at Relay. Please pass the word around to other survivors you know and tell them to contact us to also get registered. Thank you!!

How do we Celebrate Those Surviving Cancer and Their Caregivers?
We support our Survivors and Caregivers by holding special activities at Relay. These actual activities and times are in the process of being planned for our 2012 Relay For Life event. We ask that at this time you SAVE THE DATE OF JUNE 1, 2012 to come to Relay. The activities will include a Survivor/Caregiver Reception, Group Picture and a special part in our Opening Ceremonies! More information will be mailed to you about the actual times and activities prior to Relay. You can pre-register now by mailing in the bottom of this form or by going to the event website. We do also ask that on the day of Relay that you check in at the Survivor Registration Area. The option to pre-register on-line is at www.relayforlife.org/cumberlandNJ Thank you!!

If you are interested in forming a team and participating in the Relay, please call the American Cancer Society at 856-816-2932.
