

SURVIVORS & CAREGIVERS HELP US CELEBRATE YOU!

The American Cancer Society Relay For Life movement is the world's largest and most impactful fundraising event to end cancer. It unites communities across the globe to celebrate people who have battled cancer, remember loved ones lost, and take action to finish the fight once and for all. By walking around a track or path for up to 12 hours, individuals and teams raise money and awareness to help the American Cancer Society save lives. Dollars raised support groundbreaking cancer research, education and prevention efforts, and free information and critical services for cancer patients who need them.

Survivors are proof that cancer can be defeated. The American Cancer Society considers a cancer survivor to be anyone who has been told "you have cancer". A caregiver is anyone who provides support to an individual facing a cancer diagnosis. Being a part of the survivor and caregiver victory lap allows survivors and caregivers to celebrate while inspiring and motivating their community to fight back against cancer.

To kick off the event, a special lap is held to celebrate cancer survivors, followed by a lap in honor of caregivers. Celebrate your survivorship as you take part in the Survivors Lap and other festivities. This event was originally scheduled for June 3rd but had to be postponed due to severe weather.
