AMERICAN CANCER SOCIETY FUNDRAISING APP

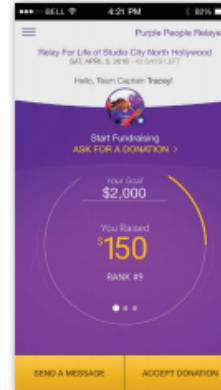

Collecting donations to help finish the fight against cancer has never been easier.

Help the American Cancer Society achieve our vision of a world free from the pain and suffering of cancer by downloading and raising funds with our official app. The all-new American Cancer Society FUNdraising app has been completely redesigned from the ground up. It's now easier than ever for event participants to raise and track donations and stay engaged with the American Cancer Society.

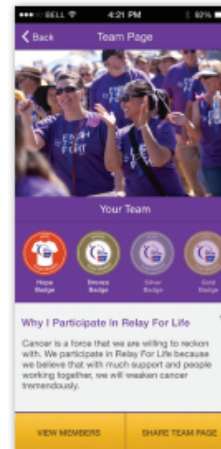

To start fundraising, register for a Relay For Life or Making Strides Against Breast Cancer event near you, then sign into the app. All donations collected appear simultaneously on the app and in your web event dashboard. You can accept personal or business donations and get real-time payment verification. Plus, users can attribute the donations to a registered individual, team, or event, as well as send receipts and thank their generous donors – all from within the app!

The app's new features will allow you to:

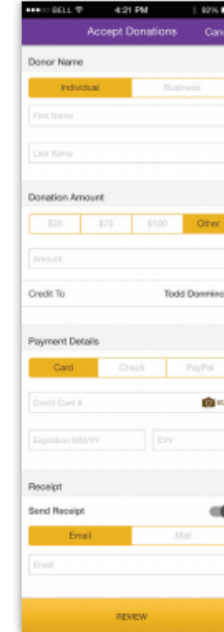

- Ask for donations and send donation reminders via SMS, email, Facebook or Twitter
- Easily and securely accept in-person credit card and check donations with your device's camera
- Utilize PayPal for easy, no-card-needed fundraising
- Set and update your personal and team goals
- Share your page and keep everyone updated on your progress via Facebook, Twitter, email or SMS
