

Virtual Survivor

What is a Virtual Survivor?
A Virtual Survivor is a person that has been diagnosed with cancer but cannot physically attend a Relay due to distance, time, illness, etc. These are the people in our lives that we CELEBRATE at Relay For Life, whether they can be with us at the event or not.

How Does It Work?
If you have a loved one who is unable to join us at the Relay For Life Opening Ceremony, you can still pay tribute to them by walking in their place. By creating an 8.5x11 poster, you can honor them throughout the night. In addition to wearing this poster, you can honor them by decorating the back of your event t-shirt.

Why Should I Participate?

Relay is all about Celebrating Survivorship. We are all Relaying for someone special. The Virtual Survivor program allows you to CELEBRATE the life of your loved one, even though they can't be with you at Relay. Sign up below and then have your Survivor register at www.RelayForLife.org/BU as a Survivor. We will send your Survivor a special gift in your honor.
