

WHAT TO EXPECT AT A RELAY FOR LIFE EVENT

The American Cancer Society Relay For Life movement is a team fundraising event where team members take turns walking around a track or designated path. Each event is six to 24 hours in length, and each team is asked to have a member on the track at all times to signify the ongoing fight against cancer.

In the months leading up to the event, Relay participants fundraise both individually and as part of their team. They set personal and team goals and reach out to friends, family, and coworkers for donations and support.

At the event, each team sets up a themed campsite and continues their fundraising efforts by collecting donations for food, goods, games, and activities. This money will count towards their overall team fundraising goal.
