- Scholarships for childhood cancer survivors

♥ Emotional Support

- Transportation assistance program
- Breast cancer visitation program (Reach to Recovery[™])
- Look Good ... Feel Better[®] program
- Prostate cancer support (Man to Man[®])
- Support group facilitators

Together with our millions of supporters, the American Cancer Society saves lives and creates more birthdays by helping people stay well, helping them get well, by finding cures, and by fighting back against cancer.

Stay Well

- We save lives by helping people everywhere take steps to prevent cancer or detect it early, when it's most treatable.
- Whether it's helping you quit smoking, providing information on what cancer screening tests are right for you, or through simple tips to live a healthier lifestyle, we turn what we know about cancer into what we do about it.

Get Well

- Whether it's the middle of the day or the middle of the night, we're in your corner around the clock to guide you through every step of your cancer experience.
- The American Cancer Society saves lives by helping people get well by providing information to help make decisions, or free services like transportation to and from cancer treatment, or a free place to stay while receiving treatment far from home.
- We know that every cancer patient is a fighter – and we're in the ring with you through every round. We help you fight for more birthdays.

Find Cures

- We have a long history of saving lives by helping find cancer's causes and cures.
- Whether it's discovering medications that help people live longer and better than ever, or pioneering and promoting the most promising cancer prevention or screening tests, we've been involved in nearly every major cancer breakthrough in the past century.
- As the world's largest private funder of cancer research, we support the best ideas of the brightest cancer researchers, who with each discovery are getting us closer to a world with more birthdays.

Fight Back

- We work with lawmakers everywhere to make this world a healthier place to live, and we rally communities around the globe to join our fight.
- Whether it's passing smoke-free laws, increasing funding for cancer research, improving access to quality health care, or inspiring communities to take up the fight, we fight on all fronts, because the lessons we learn from one battlefield can mean victory on another.
