Cold Stone Creamery www.coldstonecreamery.com

Since each location is independently owned and operated, we suggest you go to your local store and inquire with the Manager. Experience from past tells us that most stores will give you a percentage of the sales for a specific night/day if you ask – and customers are not required to have a flyer to get you credit for the sale! The percentage back to your fundraising campaign may depend on the number of customers served – we've heard it can range from 15-30%.

Jamba Juice www.jambajuice.com

Contact your local Jamba Juice store and ask for the manager and set up your own benefit day. They do require fliers and the percentage varies from store to store.

Grocery stores, drug stores, coffee shops, etc.

You spend a lot of time and money in your community and this is a way to have the local stores give a little back! Did you know that you can go to almost any store and ask them to help you fundraise? Some will give you a gift card/certificate which you can use for a raffle prize. You see other non-profit groups in front of these stores all the time – think: Girl & Boy Scouts, religious groups – so here's your opportunity. Ask if you can have a table then put out the donation jar and meet your public! See below for location ideas.
