

Wayne County NC Relay For Life

Ladder Luminaries

Want to make an easy \$100?

Have your team offer others a luminaria ladder in honor or memory of whomever they choose. They are responsible for selling a minimum of 10 luminaries. Your team is responsible for getting a ladder, displaying the luminaires on the ladder, filling out this form for the glow sticks that you will need for ladder luminaires, any decorations you would like to put on the ladders, set up and break down of the ladders on event day/night. Some people may want to decorate and set up their own ladders. This is easy and beautiful to see these ladders at the event.

1. Relay for Life teams may choose to have a ladder luminary at the Relay event. The ladders must be aluminum ladders and each team is responsible for the set up and removal of the ladder at the Relay event.
2. Ladders will be displayed in front of your campsite (in the grass area where the luminaires will be lined up around the track).
3. Each ladder luminary should have a minimum of 10 luminaries. You may put as many luminaries that will fit on the ladder. If or when the ladder is full then the others can be arranged around the ladder.
4. NO candles are to be used in any luminary that is on the ladder.
5. Glow sticks will be provided by Relay for the ladders and can be pickup at Relay Headquarters the day of the event.
6. Luminarias are \$10 each. Luminary money is turned in with your team money.

THE NUMBER OF GLOW STICKS REQUIRED FOR LUMINARIES WILL BE INDICATED ON THIS FORM AND THE FORM WILL BE SUBMITTED BY A TEAM CAPTAIN TO: Brenda Robinson by May 6th, 2017.

(if any requests are given after this date you will be responsible for purchasing your own glow sticks)
