## **Create a Personal URL**

You have the ability to create a custom 'friendly' URL for your Personal or Team page! Personalized URLs are great for promoting your Relay For Life fundraising efforts through your email signature, sharing on Social Media sites, and providing a direct 'user friendly' link for potential donors on printed materials.

- 1. Using your username and password, log into your Relay Dashboard.
- 2. From the My Relay tab, click the **Personalize Your Page** link under the Get Started header (top of the page).
