

# JOIN OUR **STAND UP TO CANCER VIEWING PARTY**

The American Cancer Society is teaming up with Stand Up To Cancer (SU2C) to raise money for cancer research and to build excitement for the 2015 Relay For Life season. This partnership will kick off with the SU2C star-studded fundraising special, airing simultaneously on ABC, CBS, FOX, NBC, and many cable networks on Friday, September 5.

The hour-long, commercial-free telecast will highlight the work of SU2C's "Dream Teams" of cancer researchers and acknowledge donors – including the American Cancer Society – who make it all possible. The televised event will also feature celebrity ambassadors and exciting musical performances. The American Cancer Society is hosting viewing parties across the nation to gather supporters for the partnership.

## **STANDUP2 FINISH THE FIGHT**
