CANCER PREVENTION STUDY-3

What if you could prevent even one family from hearing the words “you have cancer”?

This year you can fight back against cancer by enrolling in the American Cancer Society’s new research study called the Cancer Prevention Study (CPS-3). By joining CPS-3, you can help researchers better understand the genetic, environmental and lifestyle factors that cause or prevent cancer, which ultimately save lives.

Who can join the study?

The study is open to anyone who:

- Is willing to make a long-term commitment to the study, which means completing periodic follow-up surveys at home for the next 20-30 years
- Is between 30 and 65 years old
- Has never been diagnosed with cancer (not including basal or squamous cell skin cancer)

How can you participate?

Participation is easy. Your initial enrollment requires two steps and will involve the following:

- Go to the website and schedule an enrollment time. You will complete your first, most comprehensive survey. This survey will ask you questions regarding medications you are taking, family history of cancer, lifestyle and other behaviors and will take approximately 45 – 60 minutes to complete.
- At your onsite appointment, you will sign an informed consent form, complete a brief survey, provide a waist circumference measurement and a small blood sample by a certified, trained phlebotomist. Your appointment should last approximately 20 – 30 minutes.

Be A Champion!

Whether you are a Survivor, Caregiver to a cancer patient, medical ambassador, volunteer or are interested in honoring a friend or loved one who has battled cancer, you are perfect to serve as a CPS-3 Champion! As a volunteer champion, you are making a difference by supporting this once-in-a-generation, historic research study and helping us to spread the word about this opportunity!

SURVIVORS, WE NEED YOU. Those with a history of cancer (except basal or squamous skin cancer) are not eligible to enroll in CPS-3, but survivors are our strongest voices when it comes to recruiting new participants. I encourage you to use the ideas above to engage friends, family, neighbors and colleagues.

ENROLLMENT WILL TAKE PLACE AT VARIOUS TIMES AND LOCATIONS ON September 10th - 20th

SCHEDULE AND LOCATION DETAIL ON REVERSE.

ENROLLMENT IS BEING BROUGHT TO THE WESTERN SUBURBAN AREA IN PARTNERSHIP WITH

- Central DuPage Hospital
- CDH Cancer Center
